

Twist & Knit Errata

Posted 4-August-2010

Due to a technical coding problem for the final press files, some bits of text were missing from the printing plates and thusly missing from the final book, even though the proof was correct.

All books shipped after 4-August-2010 will have the missing pieces fixed.

The errata are as follows:

Page 48, Vinca Shawl:

After the instructions for working Chart 3A or 3B until the desired length, add the following paragraph.

Bind off both wings separately using purl lace bind off (see page 24). Weave in ends and block to finished measurements, keeping counterpane bind-offs straight and pinning wing bind-offs to points.

Page 56, Motte Shawl:

After the instructions for Chart 4 and before charts, add the following sentence.

Bind off on WS in purl. Weave in ends. Block to finished measurements.

Page 60-61, Porifera Socks:

At the top of the second column of text on page 60, directly above the "Foot" section, add the following sentence.

Work Rnds 1-13 of Toe Chart across Needles 1 & 2, Continuing Needles 3 & 4 in stockinette.

At the end of the text on page 61 above the photos, add the following paragraph.

Work 15 rnds in established rib pattern, which should leave you with about 3-4 rounds worth of yarn left. Bind off using the stretchy sewn bind-off method (see page 26). Block if desired.

Page 78, Windward Cowl:

After "Work Rnds 1-16 of Chart 1 once" and before Chart 1, add the following:

Work Rnds 1-32 of Chart 2 until only enough yarn remains for 3 times the circumference of the cowl, or until desired length is reached.

Bind off using the stretchy sewn bind-off (see page 26). Wet block and pin to finished measurements, pinning the cast-on edge into soft scallops.
